

## **KBE - GLOBAL CONTRACTING sagl**

For over two decades, we have been collaborating with Italian furniture manufacturers and have gained experience with every type of material: wood, metals, marble, crystal, and many others. Our installers are capable of making on-site modifications while fully respecting the manufacturer's specifications, ensuring a perfect end result.

Thanks to a competent and responsive work group, we approach every request with seriousness and adaptability. Regardless of a project's size, complexity, or location, we provide know-how, professionalism, and attention to detail. We manage the installation of furnishings for the most renowned commercial brands, with a meticulous service that aligns with our client's image.

We carry out installations for hotels: common areas, restaurants, breakfast rooms, reception areas, and complete guest rooms. We offer a wide variety of office furnishing solutions, including glass partition walls and modular wall systems.

Finally, we specialize in furnishing prestigious villas, luxury residences, ateliers, and high-end stores in Switzerland and beyond.

**KBE - GLOBAL CONTRACTING** It is a brand that represents Italian manufacturing tradition, specializing in furnishings for hotels, shops, restaurants, bars, public areas of cruise ships, as well as various types of commercial establishments. The company was founded with the goal of installing custom-made furnishings for all the sectors mentioned above. The creation of commercial spaces immediately became a trend and remains a focal point of the entire Activity. And it has become increasingly necessary to excel in installation services.

With several logistical bases in plants located in Milan (Italy), Lugano (Switzerland), and Bucharest (Romania), our clients' designers are provided with the best possible service: from simple transport to worldwide logistics and installation, along with ongoing innovative research on materials and finishes and continuous consultancy.

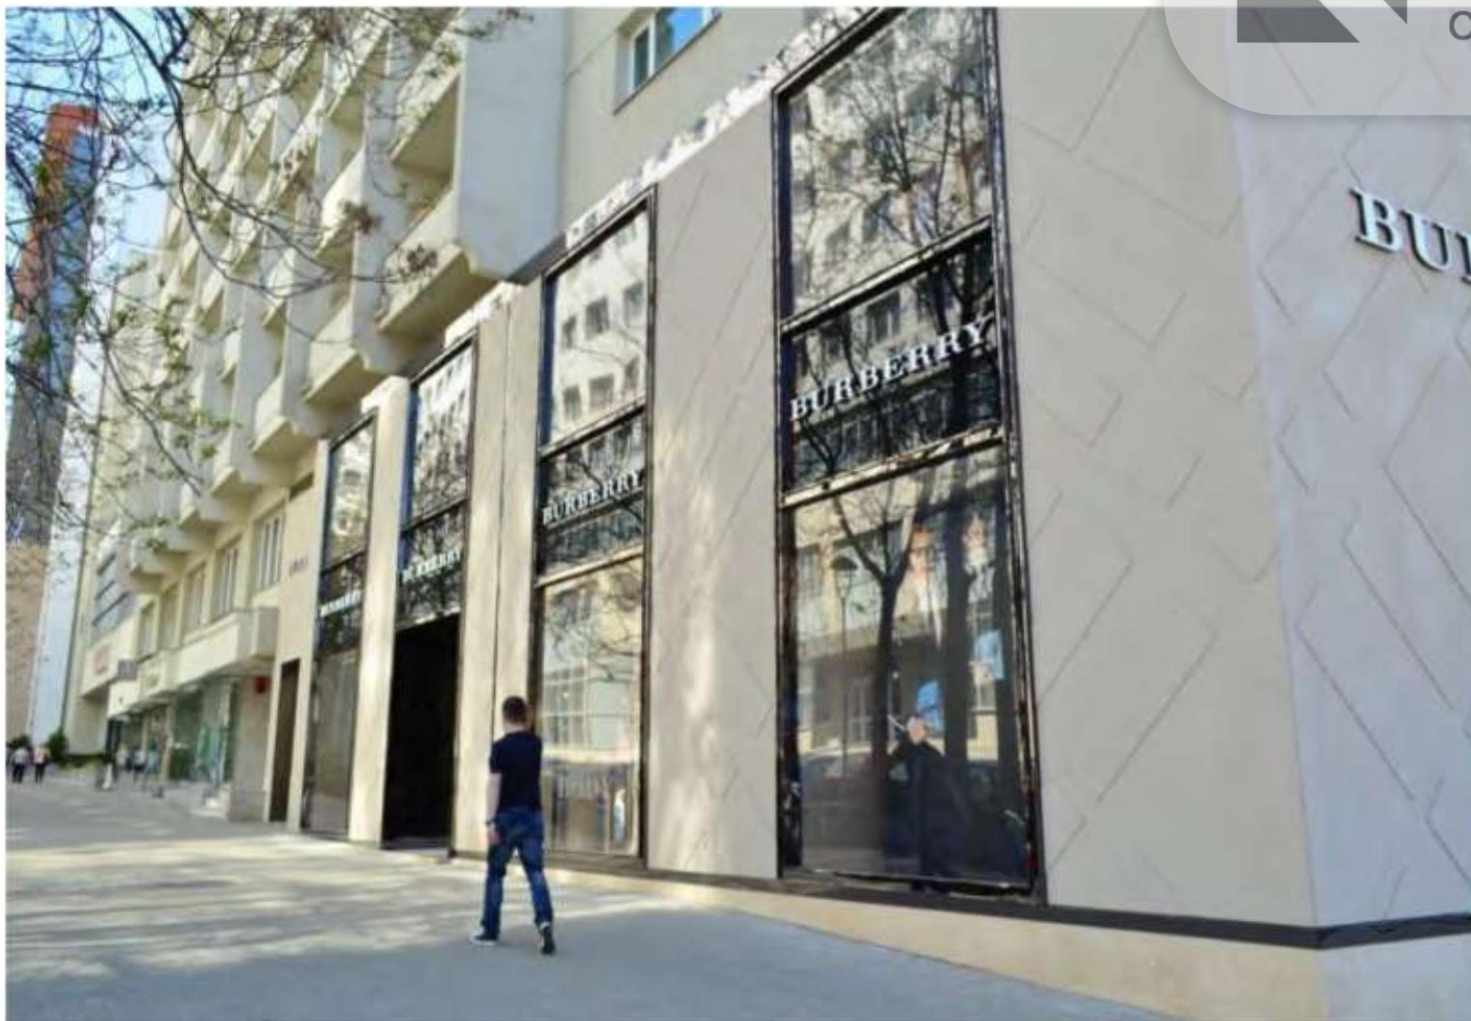

We have the necessary skills to operate in different fields from airports, universities, railway stations, up to international organization's headquarters, creating pleasant and usable spaces.
